Millage Need Explained By Superintendent

by Dr. William Diedrich

Through this series of articles we have attempted to provide residents with the facts surrounding the June 11th Crawford AuSable School District millage proposition. In this, the concluding article, we will address the remaining major issues.

As has previously been explained, both the renewal and increase are needed if the district is to maintain current levels of service. Passage of the millage will enable the school system to continue many existing programs, modify others to better meet community expectation and avoid severe program cuts. While space does not permit a full description of all such activities, here are a few:

- increase individual class period instructional time and provide better supervision by eliminating mass study halls (commonly called Honor Study Hall) at the high school.

- implement the second year of a two-year district-wide project to increase student learnings in reading and mathematics while achieving greater accountability to the community.

- continue program development in the area of Language Arts to increase the writing and speaking skills of our students.

- continue most existing instructional, extra-curricular and operational programs at current levels.

- avoid unworkable class sizes at all grade levels.

- avoid potential July and August unemployment liabilities of substantial amounts.

- develop procedures and activities to correct major deficiencies identified in the recently completed community survey.

The final issue which we would now like to address is the question of what the proposed millage increase will cost the average property owner. For a person owning property with a market value of \$40,000.00 the maximum amount of increase will be about 17 cents a day or \$65.00 a year. We say maximum amount because many people will experience a net cost below this figure. Federal itemized deductions will recover some of these tax dollars. For many others significant amounts of the increase will be rebated by filing state income tax returns. This special property tax refund of homestead taxes is commonly called the "Circuit Breaker."

Under the Circuit Breaker program, senior citizens will recover all taxes paid on their homes in excess of 3.5% of their household income. In other words, senior citizens who receive property tax refunds will pay no additional taxes! But this program is not just for senior citizens. Many non-senior citizens are also qualified for rebates. In these cases only 40% of the tax increase will be paid. The remainder, or 60%, will be returned under the property tax rebate program.

The table listed below depicts the maximum dollar amount which the 3.25 mill increase will cost property owners. As stated above, many people will pay less by using income tax deductions and the tax rebate program options. To use the chart simply locate the market value or assessed valuation of the property and read across to column three or four.

See Superintendent on Page 16.

CWO Wells Retires After 38 Years Military Service

Chief Warrant Officer 4 Perry E. Wells recently turned back his keys and equipment to the National Guard after 38 years of dedicated military service to both the State and Nation. The young soldier taking the returned items is Sp5 Christine Elmy another local citizen soldier.

Perry's long association with the Michigan National Guard began with his enlistment in April 1941 at Grayling where his family had lived since 1930. After serving four years in the Army during WWII (including 19 months in Northern France, the Ardennes, Rhineland and Central Europe), he returned to the National Guard to serve in various capacities until his latest assignment in 1961 to Camp Grayling. At the camp "Mister" Wells became known as Mr. Ammunition from the many years he was in charge of the "bullets" portion of camp supply.

Perry, we wish you the best of luck and everyone is proud of you at Camp Grayling. May the best come to you and yours in the future.

The community takes this opportunity to thank you not only for your dedicated service but your concern for our Country and the strength of the Michigan National Guard as well. Perry has donated part of his Guard Retirement to establish a recruiting award for the three Grayling NG Companies. The award consists of a \$100.00 cash prize and a handsome engraved plaque.

From Our Corner ...

Dang it all, each week it is tough enough putting this corner together on Monday evening, but when the holiday comes on Monday it makes it doubly rough...here we are at 1:00 p.m. in the afternoon wondering if this is Sunday or Monday, we feel as if it is Sunday with no one else around, but we're afraid it will be deadline Tuesday morning when we get up tomorrow.

An over cast sky, and light drizzle failed to hamper the Grayling American Legion Post 106 sponsored Memorial Day services and parade...once again we tip our hat to those who participated in giving remembrance to those who served and died for their country so others may live in peace...

A troubled thought...once again as last year downtown Grayling was conspicuous for its lack of Old Glory flying in the breeze...

If you couldn't find the article on the Abused Child by Dennis Rau this week, on the front page...we have to blame it on the long holiday weekend...we talked to Dennis Monday and he mentioned to many things were going on, but, the seventh in a series of articles on child abuse would be in next week's edition.

Next weekend should be interesting for everyone to plan on being in Grayling...Both Friday and Saturday the merchants are having all sorts of sidewalk sales, along with arts and crafts displays...then on Saturday the second annual Corvette Show will be held in the Grayling State Bank parking lot and a block of Peninsular St. last year's show proved a great success...and this year's should be even better...all we need is a little cooperation from the weatherman.

An idle thought...we have spent the last half hour trying to think of something worth while to finish our work for today...possibly we should go back and take up golf again...at least in the summer time we could bore our readers on how much we disliked golf, but did enjoy the companionship on the 10th hole...oh well it was just a thought, and right now looking outside it looks more like the end of summer instead of the beginning...

That last little gem of a paragraph only finished one page of what we are suppose to type...we're beginning to panic...today the grey-matter is dormant...maybe we should go out and run around the block for a little stimulation, but then with our health record I don't believe I could stand it. This bit should not be read by Dr. B.

Strictly perseverance and a little bit of garbage along with some good parts we possibly may be able to finish this gem before the whole afternoon is gone, and we will have missed a little leisure in our back yard.

For our readers who may be interested...the ol' fella was happy over the Memorial Day weekend with the visit of T.J. and Stef, folks and the black horse. They are also spending a few days this week. We haven't heard lately from our California family but from last report they were in the process of getting ready to move from L.A. to Henderson, Nevada, just outside of Las Vegas...that should be interesting if we are able to make it next year...we never have been in the gambling capitol of the U.S.A.

It has been a struggle, and I think there is enough type here to fill the gap of our corner for this week...have a nice weekend...there is lots going on in Grayling, for just about everyone...

The Bible Speaks

From Calvary Baptist Church

Is Patriotism Christian??

It seems like yesterday when as a boy I remember the thrill of seeing many of those brave heroes of W.W. II. I remember the agony of those who returned in a flag draped coffin. Our country was fighting for justice and right that people around the world might be able to enjoy our kind of freedom and liberty. To the best of my knowledge, it seemed everyone I knew was patriotic then.

We do not need another war, but we do need a revival of Patriotism. We need a revival in accepting our proper role in government leadership. It is not the president, senators or congressmen we send to Washington who make up our government! You and I are the government! These men are our representatives. Instead of them appointing bureaucrats to direct us, we need to be personally directing them. We need to be proud of the country our forefathers left us. It should be clear to all of us that no country will long survive which loses the patriotism of her people.

The fact that human government was established by God should make every Christian more patriotic. Genesis 9:1-7, Rom 13:1, 4.

Christians should be more patriotic because government officials are the servants of God. Rom 13:4. "For he is the minister of God to thee for good."

Christians should be more patriotic because government is meant to promote good and hinder evil. Rom 13:1-4.

Christians should be more patriotic because God commands us to pray for those in civil leadership over us. I Tim 2:1-3.

Christians should be more patriotic because God has commanded us to honor those in government. Rom 13:7, I Pet 2:17.

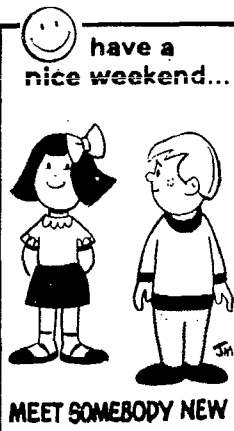

Christians should be more patriotic because our nation was founded upon Christian principles. Even our money says, "In God We Trust."

Christians should be more patriotic because our nation is one of the last strong bases for sending out missionaries.

Christians should be patriotic to assure a stronger national defense, which is in reality our only real defense for our families and friends in a shrinking world.

Christians should find dozens of reasons to be patriotic. One glance at the flags which were flying over the bodies of our war dead last Monday should speak louder than a million words. God Bless America! Land That I Love!! (adv.)

Attending the exercises besides his parents, were his sisters, Sheila Parkinson, of Gaylord, Mrs. John Gardner (nee Marjorie Parkinson) of Killeen, Texas and his grandmother, Mrs. Leo Morency of Grayling. Another grandmother, Mrs. Nellie Parkinson of Gaylord, was unable to attend. Dan is employed by an architectural firm in Cheboygan for the summer and plans to return to college in the fall to work towards a Bachelor of Architecture degree which is required for a licensed architect.

The Parent Child Center

At the Parent-Child Center we learn from the things parents and children tell us. They are our teachers who let us know what it is like to be parents and children. In this month's column we are sharing how to "cope with a crying baby". This month's topic and our answers come from the things many families talk about here at the Center. If you have questions or ideas to share, call us at 366-7250 or write us at Rt. 1, Box 406-A, Prudenville, MI 48651.

Question: I've just about lost all my patience with my baby daughter. This may sound terrible, but I feel like throwing her out the window when she begins screaming. I know I can put up with a little crying, but she seems to be crying all the time. What am I doing wrong?

Answer: Many parents reach the "end of their ropes" with their babies, especially after trying everything to stop them from crying. It can be a very frustrating and anxiety provoking situation for the parents of a crying baby. Rather than looking at what you might be doing wrong, let's look at the possible reasons why your baby is crying.

1. We need to remember that crying is one means a baby communicates his needs, of asking for attention, and communicating physical or psychological discomfort. Since babies can not tell us directly what they want, we must "interpret" their

COOR Special Olympics Held

Ogemaw Heights High School near West Branch will once again serve as host to the COOR Summer Special Olympics games. This year's event was held on Saturday, May 12 from 9 a.m. to 4 p.m. Over 100 mentally handicapped athletes from throughout the COOR area will compete for ribbons in a variety of events.

This year's games were coordinated by Donna Morris, who is chairperson of the Summer Games Committee. Other committee members include: George Ott, Terri Borriger, Barbara Eva, Rugg and Ann Dozzi, and Ann Camp. Helping the committee to run the events were dozens of volunteers from throughout the area.

The one day event was kicked off with opening ceremonies which included the parade of the athletes. On hand to assist with the ceremonies was a band from Ogemaw Heights and the Michigan V.F.W. Color Guard.

Some of the events which the athletes competed in included: track and field, frisbee throw, softball throw, wheelchair races, run-dribble-shoot, and swimming. Ribbons will be awarded to first, second and third place finishes. Participation ribbons will go to all those who are entered in the event.

While the athletes are not competing, they will have the opportunity to view movies and attend a volleyball exhibition put on by the Ogemaw Heights volleyball team. Radio station WBMB of West Branch was on hand broadcasting from the Olympics sight.

This is the first time the games have been held on a Saturday. They were moved to the weekend in an effort to allow more time for the competition and to hopefully attract more spectators from the community.

messages. Listening to the loudness, pitch, intensity and duration of a cry can tell the skilled listener a lot of information. To become a skilled listener, one must hear the various cries of the baby and then act on them, or in some cases, not act on them. For an example, a mother may recognize that her baby's hunger cry is much different than her baby's "poopy diapers cry". She may even get to the point of predicting when his hunger cries may occur. It takes a lot of practice for parents to understand their baby's cries. If you think about it, crying is a very personal language, which needs to be learned, just as any other language such as French, Spanish or German.

There are many different reasons why babies cry, some of these are: 1. (Tension). The baby may be tense for any number of reasons. He might "pick it up" from his mother or some other family member. Prolonged or intense crying may lead to a build up of tension. 2. (General physical discomfort). The baby could have an allergy, cold, rash, plugged tear duct, he's hungry, or has dirty diapers. 3. (Over stimulation). Too many noises, sights, sounds and people picking him up and touching him. 4. (Tiredness). 5. (Loneliness). Your baby may need companionship.

If you can better understand what your baby is saying, you are in a good position to reduce the amount of crying or stop it completely. Mothers learn from their interaction with their babies how to best handle the situation. Babies usually give strong messages to parents letting them know if they are doing the right thing. Some of the common approaches other than feeding, diapering or placing them to bed, in handling a crying baby are: 1. (Picking up the baby). Most babies need bodily contact and warmth. Often this may be enough to stop the baby's crying. 2. (Soothing the baby). A parent may talk very gently to their baby, caress the baby's skin, rock the baby, sing to the baby, talk to the baby, etc. 3. (Distracting the baby). Giving the baby a toy, playing with him, taking him for a walk, etc.

I think it is very important that parents feel as relaxed as possible, and sympathetic to the crying baby. If the parent is tense, irritable, or resentful, the baby will probably continue crying. If you are unable to feel relaxed, find someone to help you. You may find that a short break away from your baby may help you relax and, therefore, give you an opportunity to calmly better able to "read" your baby's cries and also better to handle your baby.

Spinach Special
Spinach tastes great with sour cream and nutmeg. Whip one cup of dairy sour cream and one-half teaspoon salt, one-fourth teaspoon nutmeg and a dash of pepper until fluffy. When ready to serve, stir the mixture into two packages, ten ounces each, of spinach that has been chopped, cooked and drained. It yields four-to-six tasty servings.

Township of South Branch
May 28, 1979
Crawford Co. Avalanche
Grayling, Mich.

Attn: Editor
This is an answer to Charlie Burgess who wrote to the editor about the Township dump on Mc-Masters Bridge Rd.

I have to agree with Mr. Burgess that the dump is one hell of a mess, as he stated in the editorial.

But when did all this begin? Since I have been in office or should we say two or three years ago. If the previous supervisor kept the dump so neat & clean he must have had a lot of time to be at the dump to direct people as to what & where to leave their refuse, which I do not believe was the case.

The north dump has been a problem long before I took office. If people would use this dump in a proper manner and report people who are not township residents or use it improperly it would help some.

P.S. This item was on the agenda at the last township meeting before Mr. Burgess wrote to the editor.

Thank you,
James Miller
Township Supervisor

BICYCLE SAFETY IN JUNIOR DEPUTY—Chuck Gorden came to our elementary school. He told us things like: don't ride with two people on a bike; ride single file. He told us other things too. We all enjoyed having him talk. A lot of people ride bicycles. He wants all of us to ride safely, so be careful when you ride bicycles. Obey all traffic signs, too.

In this picture you see, Larry Akers, Carolyn DeGiovanni, Shelly Martin, Mr. Gorden from AAA, Scott Bindschatel and Kirk Day.

Reserve a Campsite Now For Camping This Summer

Lansing—The Department of Natural Resources reminds campers that campsites can be reserved at Michigan's state parks this summer by sending in a reservation application. Many campers have found the reservation program helpful, especially for camping during busy holiday periods.

Reservation applications are available at any state park and at most DNR field offices. Campers can also request an application by writing to the Parks Division, Department of Natural Resources, Box 30028, Lansing, Mi. 48909.

Make your reservations now for camping anytime through September 30. Fifty percent of state park campsites will be available for reservations with the remainder available on a first come, first serve basis.

Applications must be received by the park at

least 15 days before you plan to arrive. All camping reservations are for a minimum of four and a maximum of 15 nights.

A check for the reservation fee, which is \$3, and for the total camping fee, which is \$5 per night at most parks must accompany your applications. Reserved sites will be assigned by the park officer.

If you must cancel your reservation, 24 hours notice is required for a refund. The \$3 reservation fee is not refundable.

The DNR reports that reservation requests are already coming in for some of the state's more popular parks, such as Mitchell, Ludington and Holland.

La Leche League Meeting Notice

If your family is awaiting the arrival of a new member, the Roscommon La Leche League meeting: "Baby Arrives: The Family and the Breastfed Baby," may interest you. Informal discussion will center on how to manage those first hectic weeks with emphasis on the entire family as well as timely tips for the nursing mother and baby.

The importance of breastfeeding is stressed, not as an end in itself, but as an integral part of the whole human relationship.

The meeting will be held on Thursday, June 7 at 7:30 p.m. at 150 E. Houghton Lake Dr., M18, Prudenville. Expectant mothers are encouraged to attend the series of meetings before the baby arrives. Nursing babies are always welcome. For further information, or for breastfeeding help, call Carolyn Crist at 275-8431.

Attend Youth Arts Festival

By Fay Bovee

Mr. and Mrs. Frank Bond attended the 1979 Youth Arts Festival at Central Michigan University, Mt. Pleasant, on Saturday, May 19. Their granddaughter, Julie, daughter of Mr. and Mrs. James Bond of Lansing, was a member of the 100-piece Michigan Honors Band that performed. These 100 musicians were selected by outstanding performances at a recent State Solo and Ensemble Festival sponsored by the Michigan School Band and Orchestra Association. Out of over 3000 entries, only 100 students were chosen for the Honors Band and Orchestra.

The performers also had the opportunity to work with a Michigan Composer and to spend an overnight stay at the CMU campus. This part of the plan is made possible by a grant from the Michigan Council for the Arts.

One-term President? Not such a good idea

RICHARD MILLIMAN

Could the President of the United States operate more effectively if he/she was limited to one six-year term with no prospect for re-election?

President Jimmy Carter apparently thinks so. Reflecting an apparent change of heart from an earlier negative posture on the same question, Mr. Carter recently told a group of editors he thinks a single six-year term would be an improvement over the present four-year term, with a two-term limit.

Why? Mr. Carter thinks it would free the President from the accusations of political motivation, and perhaps of more importance, it would strengthen his hand in Congress.

As an aside: Keep in mind the interview in which Mr. Carter lined up behind the single-term limit was before his most recent confrontation with Congress; I refer to the defeat of the Carter gas rationing plan by the House. By the time this writing appears in print, however, Mr. Carter may have suffered a more recent defeat in Congress, his relations with the legislative branch being what they are.

"No matter what I do as President now, where I am really trying to ignore politics and stay away from any sort of campaign plans and so forth," Mr. Carter said, "a lot of the things I do are colored through the news media and in the minds of the American people by (the question): Is this a campaign ploy or is it genuinely done by an incumbent president in the best interest of our country without any sort of personal advantages involved?"

(As another aside: In many cases, what an office-holder does frequently has political overtones; it is impossible to separate government from politics, given the system under which we operate. It is not merely trite to contend that good government makes good politics; it does).

The most frequent criticism of the single-term proposal is that the President would immediately lose his whip-hand over Congress and other forces because once elected he/she immediately is a lame duck, on the way out of office. That doesn't bother Mr. Carter.

"I think it would strengthen my hand with the Congress," Mr. Carter said.

"The lame duck aspect doesn't concern me at all. And I think there could be some appropriate constitutional prohibitions against trying to be a kingmaker and being involved in choosing one's own successor."

(As yet another aside: Personally, I don't think the lame-duck concern has much basis as far as Congress is concerned. If there are personal political considerations involved in congressional decision-making, these considerations revolve around the political survival of the representative or senator, and have little or no connection with the White House. Very few legislators will tailor their votes or actions to suit the President if it is detrimental either to the legislator personally, or to his/her constituency, which usually makes it very personal to the lawmaker).

As for the other side of the question—that of the limiting terms of representatives or senators—Mr. Carter lines up in opposition.

"I think one branch of government ought to be constantly under the political pressure of maintaining contact with the people back home," Mr. Carter said.

At present, of course, the Constitution limits the president to two four-year terms for representatives and six-year terms for senators. The two term limit was added after President Franklin Roosevelt violated tradition by seeking and winning a third term, and then a fourth term, just before and during World War II.

Personally, I can't see much merit in a single-term six-year presidency, although at least two others who have occupied the White House—Lyndon Johnson and Richard Nixon—share Mr. Carter's advocacy of the idea.

Of course, Mr. Johnson chose not to seek a second elected term, and Mr. Nixon never finished his; their personal experiences may somehow jaundice their view. The same with Mr. Carter.

The way things are piling up on Mr. Carter, he may have problems with his second term, too...such as being nominated for it, or if nominated, winning it. We'll know before long.

Julie McClain and Mark Ginther were united in marriage May 12, 1979 at the Camp Grayling Chapel. Rev. William Crouch, of Wyandotte (uncle of the groom), officiated the 3:30 p.m. ceremony.

The music for the wedding was presented by Patricia Duley. Selections presented included, "More", "Welcome to My Morning", "The Wedding Song", and "Follow Me".

The couples parents are Mr. and Mrs. Jim McClain and Mr. and Mrs. Gary Ginther all of Grayling.

The bride was given away by her father. She wore a white knit gown with chapel length train and empire waist, long bishop sleeves trimmed in lace applique. She also wore a finger tip veil and carried a bouquet of white daisies, baby breath and ivy.

Maid of Honor was sister of the bride, Pam McClain. She was attired in a yellow blouson gown with split sleeves and a matching picture hat. She carried a nosegay of yellow and white daisies with baby breath. Dena Fox was bridesmaid and wore a pale green blouson gown with

split sleeves and matching picture hat. She also had a nosegay of yellow and white daisies with baby breath.

Brett Ginther, brother of the groom was Best man. Gary Fox was Groomsman and Ushers were Robert and David Bowers of Grayling.

The bride's mother wore a light blue blouson gown with a pleated skirt. The groom's mother wore a long sleeved lilac gown with pleated top and A-line skirt.

After the ceremony there was a buffet supper held at the Officers Club at Camp Grayling.

Out of town guests came from Prudenville, Houghton Lake, Troy, Detroit, Oxford, Manistee, Kalkaska, Grand Rapids, Gaylord, Wyandotte, Mason, Parma and Oscoda.

The Bride and Groom are both graduates of Grayling High School and the Groom is employed by Airway Automation in Grayling. The couple plan to make their home at Lake Margrethe in Grayling.

COOR Special Ed. Facilities

This winter has seen the initiation of a unique swimming program in the Grayling area. The first COOR Special Olympics swimming training program was started in late February. The program is conducted at the pool in the Roost Motel and serve nine mentally handicapped athletes. The swimmers are from the COOR Special Education facility in Roscommon and the Grayling Elementary School.

The program, which is instructed by Barbara Eva, Water Safety Instructor, meets every Tuesday and will continue up to the middle of May. Assisting Eva with the instruction are Chris Lauria and Debbie Parker, both Special Education teachers at Grayling Elementary.

The purpose of the program is to teach basic swimming skills and also for those swimmers with basic skills to improve their competitive abilities. The swimmers in the COOR program range in ability from those just learning to float to some who are preparing for competition. Lori Sue Siewert of Grayling and Sue Bucholtz of Higgins Lake both hope to compete in the COOR Summer games on May 12 and the State Special Olympics games in Mt. Pleasant in early June.

The swimming program is the newest addition to the Special Olympics activities in the COOR area. Other training programs for the area's mentally handicapped athletes are conducted in basketball, soccer, winter sports, track and field and gymnastics.

4th Graders Visit Courthouse-Jail

The following are some stories on how the fourth graders viewed their trip to the Courthouse and Jail.

On Wednesday, May 9, 1979, all of the fourth grade went to the Courthouse at different times. Mrs. Bovee's class went in the morning for Junior Deputy. We saw the Circuit Court and District Court. Six people sat in the jury chairs. They showed us where they keep the things like money, watches, and other things. And in the safe is where they keep the stuff. Instead of the combination, they have a lock and they showed us where they keep the keys, and how the radio works. It was fun to see the cells. They had 12 prisoners. There were two kids in the class that were fingerprinted, they were Ramona Stancil and Mary Stevens. Randy Kenyon got a copy of them. Written by Mary Stevens

We went on Wednesday to the Courthouse. We saw where people are taken in and found if they're guilty or not guilty. We talked about it. Mr. Akers took us in the court. And then from there we went to the jails and looked in there. And then we went and looked at a cell block and then we saw the drunk tank. And it is a terrible place to be! Written by Carmen Weaver

For Junior Deputy we went to the Courthouse. Mr. Akers showed us the Circuit Court and District Court. And also we got to see the jail but we didn't get to see the prisoners. I got my fingerprints printed. They take some black ink and rub your finger in it. And then when you wash your hands the ink doesn't come off. Written by Ramona Stancil

District Court

The following appeared before Judge Francis L. Walsh in 83rd District Court last week:

Brenda Suzanne Hubbard, 18, Roscommon, was ordered to pay a fine of \$105 or 10 days in jail on two charges of attempting to resist & obstruct an officer. She was also ordered to make restitution of \$159.90 and \$20 and placed on probation for one year.

Stanley E. Sawyer, 34, Milford, pled guilty to a DUIL charge and was fined \$205 or 14 days in jail. His driver's license was restricted for 90 days to drive to and from work only.

Gary Victor Bickel, 19, Vassar, pled guilty to a charge of impaired driving-2nd offense-and was fined \$305 or 30 days in jail.

Phillip Larry Havens, 35, Charlevoix, pled guilty to a charge of impaired driving and was fined \$185 or 14 days in jail.

Russell William Reay, 40 Grayling, pled nolo contendere to a charge of being a disorderly person in a public place and was fined \$105 or 10 days in jail.

Juan A. Artiz Rivera, 27, Fort Knox, Ky., pled nolo contendere to a charge of being a disorderly person in a public place and was fined \$105 or 10 days in jail.

Anne Mary Padget, 25, Lansing, was found not guilty by the court on a charge of violation of the basic speed law-driving too fast for conditions.

Did you ever wonder why most newspaper editors refer to themselves as "we"? It's just in case the readers don't like what's being printed and will think there's too many people to argue with about it.

A regular meeting of the Crawford County Road Commission held in their office in Grayling, Chairman Richter presiding. Present were Chairman Ervin Richter, Commissioners Grover Cason and Gloria Kraus, Manager Charles Fox and Secretary Lorna Bernard. Absent, Engineer Ron Herneke.

The minutes of the previous meeting were read. Grover Cason made a motion to accept the minutes with corrections, seconded by Ervin Richter, all voted in favor, minutes approved.

Voucher No. 355 for Payroll No. 10 in the amount of \$22,490.37 was presented for approval. Motion made by Gloria Kraus, seconded by Grover Cason to approve the voucher, motion carried.

An applicant was interviewed by the Board for the position of Service Manager. A decision will be made at a later date.

A report was received regarding the 1978 Audit of Road Commission records. The Auditor recommended an amended budget and a transfer of 15% of Primary funds to Local Road Funds. Motion made by Gloria Kraus, supported by Ervin Richter to adopt the above recommendations, all voted in favor, motion carried.

Harold Mertes, Frederic Township Supervisor, appeared before the Board to request the improvement of Arrowhead Road between M-72 and Tamarack Circle. After a lengthy discussion on various methods and costs of improvement of this road, it was determined that the Road Commission and Frederic Township would contribute \$5000.00 each for spot ditching and graveling. It was also decided that the Road Commission did not intend to encourage partial reconstruction of roads and that the feasibility of projects of this type would be determined on an individual basis.

A discussion was also held on the resurfacing of gravel on the streets in Frederic. The Township agreed to pay the cost of graveling if it is determined that this is not in violation of grant requirements.

Batterson Bridge was also discussed and the Board informed Mr. Mertes that the bridge will be lot for construction bids and that the township's share will be approximately \$7100.00.

Manager Fox reported to the Board a meeting with Michigan Department of Transportation and City of Grayling officials regarding the proposed improvement of the I-75 Business Loop and M-93 north to Hartwick Pines State Park. The improvements included some shoulder paving, complete resurfacing between M-72 East and M-72 West, and resurfacing from North Down River Road to the end of M-93. This project was originally scheduled for letting in July of this year but will now be rescheduled at a later date.

It was also reported that a flashing light will be installed at the Old 27-M-93 intersection sometime this year. The Department of Transportation officials were advised of the drainage problems at the Grayling Mall.

The Board broke for lunch and upon returning convened the meeting with a request from General Telephone for a monthly billing of permit fees. This request will be considered at a later date, as the Board is now in the process of revising the present permit fee policy.

The Board authorized Manager Fox to have the Beaver Creek brine well repaired.

A letter was received from Grayling Township informing the Road Commission they are willing to participate in a road name sign program for all public roads in Grayling Township on a 50% matching basis.

A request was received from Beaver Creek Township officials for permission to install a directional sign in the road right-of-way. The Board granted the request with the stipulation that a permit be obtained and the sign be placed in an approved location.

The request from Jerry Annis representing American Family Insurance that was tabled in the May 4 meeting, was reviewed and denied.

Mr. & Mrs. Karas from Babbitt at Town Line Road appeared before the Board requesting the Road Commission not to widen Babbitt Road as they want to keep it natural. The Board informed them there were no such plans at this time. Mr. & Mrs. Karas were informed that they could petition for a road abandonment to the Township.

The above paragraph was unintentionally deleted from the May 4 minutes.

Correspondence was received from Cyril A. Heath requesting permission to name a road in Sec. 36 of Grayling Township T27N R3W. Manager Fox will research the matter and report back to the Board.

The business having been completed, a motion was made by Grover Cason, supported by Gloria Kraus to adjourn, all voted in favor, motion carried.

Wishing Wells and Well-Wishers

Few wishing wells left. Those that remain are preserved more by sentiment than superstition.

Lots of well-wishers, though! They guild the day with their cheery platitudes. They just know everything will work out right — without their getting involved.

Lord, grant me grace to be a friend — not a well-wisher. Give me courage to stand for something, and to stand with others who share the belief. Prime me with vision to build tomorrow... faith to know it will come... patience to await the dawn.

Deliver me, Lord, from the sentimentality of simply wishing... the polite indifference of well-wishing... the numbing temptation not to get involved.

Lead me! To church... conviction... commitment.

THOUGHT FOR FOOD

Chicken Salad Supreme
Chicken has been the bargain food at the meat counter for centuries actually — and is now. This is a filling and delectable Chicken Salad.
4 cups chicken cut in pieces
1 small can mushrooms
1 cup sliced almonds
3 Tbsp. olive oil
1-1/2 cups sliced celery hearts
1/2 pt. commercial sour cream
1 cup mayonnaise
1 small can red pimentos
1 bottle drained capers
Salt and pepper to taste
Saute mushrooms in olive oil, let cool and chill. While before serving add sour cream to the cut up chicken and let stand in the refrigerator to moisten. When ready to serve add the remaining ingredients. Small green grapes are a pretty garnish. Remember too that Turkey can be substituted for Chicken. This is a delightful luncheon salad for guests or family.

STUDY HUMAN BODY—Mrs. McEver's fourth grade science class is studying the human body. We are learning names for many of the parts of the skeletal system. For example: the pelvis is the hip bone, scapular is the shoulder blade, patella is the kneecap. We got the skeleton from the Middle School. The skeleton's name is Oscar. The skeletal system helps you sit up erect so do not slump down.

Pictured examining "Oscar" are left to right, Karen Adkins, David Decker, and Catherine Kraus. (Fay Bovee Photo)

This concludes our series of articles on the upcoming school election. During the past weeks we have tried to inform residents of the issues and present relevant facts on which voters might base their decision. During the past year the Crawford AuSable School District has made good progress in our efforts to enhance learning opportunities for our children and the entire community. With the support of residents and staff, we will continue to make significant gains next year.

Alumni News by Clara Sorenson

Lots of news. It was a privilege for me to represent the G.H.S. Alumni Association at the Annual Awards Program at the High School on Thursday, May 24. We gave the R.O. Milnes Award to Spencer Olsen, as "Best All Around Good Citizen of the Senior Class, '79". He earned this with a 4.0 average, participation in Basketball, Football, Tennis, Member of the National Honor Society, Valedictorian of his Class. He is a fine young man—a credit to his family and teachers.

We gave our first Alumni Scholarships. It has been a long time coming and there were times when we thought it would never happen. Our membership has been great with contributions. Jo Ann Kesteloot was recipient of one. She plans to go to Northern Michigan U. Her major will be Math, with an interest in Photography. Her average is 3.4. She is a member of the National Honor Society.

Mark Headlee was recipient of the other Scholarship. (Note: no discrimination) He plans to go to Spring Arbor College. He is considering Teaching. His majors are Math and Science. His average is 3.28. He is a member of the National Honor Society.

Last year Mr. and Mrs. Clyde Borchers established the Carl W. Borchers Memorial Scholarship. We have been designated to give same. Jeff Parkinson was recipient of this Scholarship. His major is Social Science, with a desire to work with young people. His average is 3.2. He is a member of the National Honor Society. We congratulate all four Graduates.

The whole program was enjoyable, starting with the Dance Band. They were really good. We commend the Year Book Staff for dedicating "The Book" to Billy Kinkerter, Class of '50.

We have had word that Florence Lindahl Preston, '27, passed away recently in Oregon.
